June, 2019

Dear Esteemed Patients and Colleagues,

I would like to announce my retirement from outpatient medical care as of September 1st, 2019.

It is with gratitude to all of my patients that I reflect on a satisfying career and the opportunity to have been able to make a positive difference in the lives of so many.

Indeed, I thank you all for this special privilege.

Regarding the transferring of medical records, please consult our website for updates regarding the document retrieval service to be announced shortly.

However, remember that the comprehensive summaries each patient has received at the end of each visit are a great way to ensure excellent continuity of care.

These are very helpful to both established and new providers – and you have them already in your hands!

If you need to find a new rheumatologist then I suggest you contact any of the following sources including your insurance plan, the American College of Rheumatology, the King County Medical Society or the Arthritis Foundation.

Again, I thank you for all your support over the years. It is my hope that my input and assistance will have some lasting effect in the years ahead.

Sincerely,

Sue Romanick MD
